Onderwerp: FW: Request for a call: Four European nations form alliance to fast-track COVID-19 vaccine - PMLiVE
Datum: 10 June 2020 16:50:29

[REDACTED]

Zie hier nog een reactie van het WEF mbt hun Vaccin-initiatief.

Zoals je ziet hebben zij al contact met de mensen van Spahn (fan van WEF).

Goed om vanavond dit punt nog even aan te stippen en een lijn af te spreken mbt dit WEF-initiatief.

Ik zou mij kunnen voorstellen dat er vanuit de Inclusive Vaccine Alliance gezamenlijk richting dit initiatief wordt opgetrokken.

Dear [REDACTED]

Good to hear that you are well. We actually had a few people from the Forum who also had a long and persistent flu immediately when they got back from Davos. Could have been it indeed.

We are booking a call with Minister Spahn's chief of staff. We are not connecting with Italy and France yet. UNDP is really interested in engaging in it too.

Looking forward to hearing from you and Arnaud, the head of our team, would join the discussion w the people in your ministry that you indicate are interested in learning about our work in this area.

Warm regards,

[REDACTED]

Subject: RE: Request for a call: Four European nations form alliance to fast-track COVID-19 vaccine - PMLiVE

Dear [REDACTED]

Fortunately, everything is healthy and well over here. Even though a few days after our Davos visit in January, I had a flu episode for a few days (I presume ☺)

Good to take note of your MANAGE-COV Alliance initiative. Interesting in light of our Inclusive Vaccine Alliance.

May I ask who you speak to in DUI, FRA, Italy governments about this WEF initiative?

Tomorrow there will be a meeting between our ministers of health about the next step of our initiative and I will also bring your proposal to the table there.

Kind regards from a sunny (for now) The Hague.

Onderwerp: Request for a call: Four European nations form alliance to fast-track COVID-19 vaccine - PMLiVE

Dear [REDACTED]

I hope that you, your family and colleagues continue to be healthy and well.

We have just seen the announcement of the COVID vaccine Alliance:

https://www.pmlive.com/pharma_news/four_european_nations_form_alliance_to_fast-track_covid-19_vaccine_1341492

We would like to discuss the Forum's proposal with the relevant team within the Ministry, ideally with the Minister's Chief of staff or whoever you consider is the most appropriate person leading the Alliance on the Dutch side.

Let me know your thoughts and looking forward to hearing from you in your earliest convenience.

Warm regards,

[REDACTED]
